Nourish Family Wellness

Job title: Perinatal and Pediatric Chiropractic Associate

Work Location: Nourish Family Wellness--New Brighton, MN

Division/Department: Chiropractic Care

Reports to: Owners: Dr. Elizabeth Berg & Dr. Kelsey Metz

Full-time

Part-time We are a Wellness Center that values family and we are searching for an associate who can commit to seeing patients 3 days per week in office. Specific days and hours to be determined. Compensation will be percentage based.

Essential Duties and Responsibilities:

- Marketing
 - Taking initiative to meet with providers who also care for our ideal client (moms & kids)
 - Delivering 1 social media marketing video per week
 - Creating and delivering in-office connection groups/content driven classes 1-2x/month
 - Growing your clientele
 - Pursuing to support moms
 - Sending providers a follow up letter regarding their patient's care
- Patient Care
 - Confident in adjusting skills (Diversified, Webster and some Activator/SOT)
 - Deliver care plans consistent with results-driven AND long term wellness in consideration
 - Receive direction and support from the owners on how to grow and care for patients according to current office standards.
- General Office
 - Team Player--willing to pitch in and help out with all basic tasks (refilling water machine, minor cleaning, answering phones if front desk is busy, checking out clients, etc)
 - Completes patient notes and referrals in a timely manner
- Life
 - Models a balanced and healthy life to clients incorporating balanced schedule, nutrition, physical and mental health into your lifestyle
 - Leads a life with high integrity that is reflected in your service to others and on social media

Education and/or Work Experience Requirements:

- Must have Doctor of Chiropractic degree
- Active Chiropractic license in Minnesota
- Must have Webster Technique Certification and a minimum of 12 hours of ICPA training
- Chiropractic Acupuncture Certification in Minnesota preferred (or willing to complete within a year from hire)
- Postpartum Recovery training in diastasis recti & pelvic floor recovery experience
- Knowledge in Functional Medicine for Hormones, Retained Primitive Reflexes and TOTS preferred

Physical Requirements:

- Must be able to perform 25 hours of patient care per week (more hours potentially available if desired, once these hours have been filled).
- Must be able to sit or stand at computer or cellular device for an hour or longer
